Thematic Description:

In a world that often celebrates the extraordinary, the theme - “Finding Divine Beauty in Ordinary Things” calls us back to the truth that God often works through the simple, the broken, and the overlooked. Just as God used a wooden cross & crucifixion to redeem the world, this contest invites us to see how the ordinary become sacred in His hands.

Through this handcrafting contest, participants are challenged to repurpose everyday materials— paper, cloth, wood, metal, thread – and transform them into meaningful creations that reflect the beauty of grace in everyday life. Each piece becomes visual parable, a reminder that when offered to God, nothing is wasted.

This is more than an art contest – it is an act of worship, a spiritual exercise, and a testimony that the Kingdom of God is often hidden in plain sight.
